

# COUNTY OF YORK

## MEMORANDUM

**DATE:** March 23, 2006 (BOS Mtg. 4/4/06)

**TO:** York County Board of Supervisors

**FROM:** James O. McReynolds, County Administrator 

**SUBJECT:** Virginia Juvenile Community Crime Control Act (VJCCCA)

As you know, the Colonial Group Home Commission provides collective funding for regional programs for juvenile offenders within the 9th District Court Services Unit. Commission member localities include the Counties of York, Gloucester, and James City, and the City of Williamsburg. The joint exercise of powers agreement adopted almost 20 years ago by the governing bodies of the Commission member localities assigns the role of managing jurisdiction to York County.

These programs are funded through a combination of state funding through the Virginia Juvenile Community Crime Control Act (VJCCCA); maintenance of effort funds required from each jurisdiction to leverage the VJCCCA funding; and additional local support. York County administers a combined compliance plan in accordance with the requirements of the VJCCCA. This plan includes all Commission member jurisdictions and also the City of Poquoson and Mathews County. The latter localities are not members of the Commission but by contract make annual commitments of local and VJCCCA funding.

As a formality, the Virginia Department of Juvenile Justice periodically requires a resolution from each locality acknowledging the Combined Plan and also York's designation as managing jurisdiction. Accordingly, proposed Resolution R06-27 is attached for your consideration.

### **Recommendation**

I recommend adoption of proposed Resolution R06-27 to enable the continuation of programs for juvenile offenders, funded in part with Virginia Juvenile Community Crime Control Act funds.

Smith/4111
